

Tape COB-4

4mm narrow, self-adhesive, homogeneous LED Tape COB-4 5m 25W ww

Description:

This flexible LED tape on a roll offers a warm light colour with approx. 3000K. Thanks to a continuous surface light, a homogeneous result without disturbing LED points is achieved. This makes the LED Tape an ideal solution even for demanding applications in shops etc. Thanks to the double-sided 3M adhesive tape already applied, installation is quick and easy. To perfectly fit the specific user situation, the LED strip can be cut every 50 mm from the roll. For better handling, the user can orientate himself on the segments of the roll when cutting: It consists of ten larger sections of 500 mm each. The self-adhesive LED strip is supplied with a 2.5 m connecting cable with LED 24 plug. A dimming controller with radio remote control, 1-10V, DALI, ZigBee as well as Sonar or WiFi/Alexa control are available as optional accessories.

Connection: LED-Trafo DC 24 V
Life: L70/B10 >= 35.000 h
Light colour: 3000 K warm white
Beam angle: 160°
Energy efficiency: LED: 120 lm/W; luminaire: 500 lm/m (100 lm/W)
Energy efficiency class: F
Colour rendering: Ra/CRI >= 90
Symbols: CE, MM, IP20, SK III
EAN-No.: 4051268215749
Weight: 0,105 kg

Special features:

- max. 5m per supply cable
- quick and easy installation due to double-sided adhesive tape
- tapes can be shortened at 50mm intervals (very fine black dot above and below the yellow silicone strip / for better orientation: the 5m roll consists of 10 sections of 500mm each)
- the tapes only can be reconnected by soldering
- the power (W) of partial sections cannot be calculated linearly, please refer to the configurator!
- no interfering electronic components during regular cleaning work
