

Back-Line

Indirect shelf and rear wall lighting made of aluminium Back-Line 1160mm 9,7W ww

Description:

Back-Line shelf lighting offers a fantastic opportunity to make shelves appear to "float" with light from the back and thus enhance them. The three-sided light emission not only ensures perfect illumination of the shelves, but also creates a harmonious ambience and makes the room appear larger. The light is suitable for 19mm shelves. (With 16mm shelves, there is a 1.5mm protrusion) and is also CE-compliant, fulfils protection class IP20 and offers a wide range of accessories. The shelf lighting is connected with an LED 24 plug via a 2.5m connection cable.

Connection: LED-Trafo DC 24V
Light colour: 3000K warm white
Beam angle: 150°
Energy efficiency: LED 140 lm/W; luminaire: 884 lm/m (100 lm/W)
Energy efficiency class: F
Symbols: CE, MM, IP20, SK III
EAN-No.: 4,05E+12
Weight: 0,29 kg

Special features:

- for 19 mm shelves (for 16 mm shelves: 1.5 mm projection)
- no visible luminous spots
