

## Back-Line

Indirect shelf and rear wall lighting made of aluminium Back-Line 860mm 7,1W ww

### Description:

Back-Line shelf lighting offers a fantastic opportunity to make shelves appear to "float" with light from the back and thus enhance them. The three-sided light emission not only ensures perfect illumination of the shelves, but also creates a harmonious ambience and makes the room appear larger. The light is suitable for 19mm shelves. (With 16mm shelves, there is a 1.5mm protrusion) and is also CE-compliant, fulfils protection class IP20 and offers a wide range of accessories. The shelf lighting is connected with an LED 24 plug via a 2.5m connection cable.

**Connection:** LED-Trafo DC 24V  
**Light colour:** 3000K warm white  
**Beam angle:** 150°  
**Energy efficiency:** LED 140 lm/W; luminaire: 884 lm/m (100 lm/W)  
**Energy efficiency class:** F  
**Symbols:** CE, MM, IP20, SK III  
**EAN-No.:** 4,05E+12  
**Weight:** 0,22 kg

### Special features:
