

ModuLite F

230V under cabinet kitchen luminaire with homogeneous planar light LED ModuLite F 300mm 5W nw

Description:

White uniform light for the best working conditions - this is what the ModuLite F LED under-cabinet luminaire with 230V promises. In addition to strong performance, the light strip offers clever features that are perfectly designed for use in the kitchen. The housing of the LED under-cabinet luminaire is made of anodised aluminium and is therefore particularly resistant to water vapour. Thanks to the integrated switch, operating the light strip is particularly easy. This also applies to installation: the under-cabinet luminaire can be screwed through and uses the high-voltage plug-in system from Tyco AMP. This makes it easy to install the LED luminaire in the kitchen. The very small plug with a diameter of just 7.5 mm also enables discreet use even in the tightest spaces.
